

# Birds in Guilford County (complete list)

The following is a list of birds—317 species in all—that have been seen and documented in Guilford County.

Information for these species was compiled for the Piedmont Bird Club by ornithologist Herb Hendrickson, with updates from the Carolina Bird Club, eBird, and the Piedmont Bird Club. Thanks to their efforts, and to those of their predecessors, Guilford County has a database of reported sightings that spans more than 100 years.

The list uses the English names and the order of the seventh edition of the American Ornithologists' Union's (AOU's) Check-list of North American Birds (1998), as amended in the 42nd through 58th Supplements to the AOU Checklist. Most recent update: September 2018.

## Abundance Codes (current status)

### **C–Common**

Present in moderate to large numbers.  
Easily found at right time of year.

### **F–Fairly Common**

Present in small to moderate numbers.  
Usually found in appropriate habitat at right time of year.

### **U–Uncommon**

Present in small numbers. Sometimes seen with moderate effort in appropriate habitat at right time of year.

### **R–Rare**

Occurs annually in small numbers. Not expected on any given day. May require extended effort in appropriate habitat and time of year.

### **Ca–Casual**

Does not occur annually but there tends to be a pattern in appropriate habitat and time of year. Four or more records in last 10 years.

### **A–Accidental**

Represents an exceptional occurrence. Three or fewer records in last 10 years.

### **I–Irregular**

Represents an irruptive species whose numbers may be highly variable. May be present in large numbers or not at all.

## Seasonal Codes (current status)

**P**–Permanent Resident

**W**–Winter Resident

**S**–Summer Resident

**M**–Migrant (spring or fall)

**V**–Vagrant

Not expected or usual at any given place or time. Wanders from place to place, as in post-breeding dispersal.

## Breeding Code

### **\*–Breeding**

Known to have nested in the area—whether typically, occasionally, or historically.
