

Country Park Cleanup March 26, 2016

By Tom Wear, Conservation Chair

Ten volunteers enjoyed the sunny morning to pick up trash at Country Park. The Piedmont Bird Club has adopted this park and performs this cleanup service twice a year in spring and fall. The cleanup is a project of the Conservation Committee.

Due to heavy rains the previous week, quite a bit of trash had washed down into the park, which is normally kept fairly litter free. The volunteers worked about two hours, our normally scheduled time. After work, they were rewarded with cookies (provided by Cal Weimer) and coffee.

If you would like to participate in our next cleanup, dates and parking instructions are in the Year Book and on the website.
