Reedy Fork Trail, Wednesday 9 September 2026

submitted by Jim Gant

Trip Coordinator(s): Jim Gant

Location: 6008 Lake Brandt Road, Greensboro

Temperature: 70's – 80's

Weather: Hot and humid, partly cloudy

Target Bird(s), if any: Migrants

Number of participants: 4

Bird List: Canada Goose, Ruby-throated Hummingbird, Great Blue Heron, Turkey Vulture, Red-bellied Woodpecker, Downy Woodpecker, Pileated Woodpecker, Northern Flicker, Eastern Wood-Pewee, Great Crested Flycatcher, White-eyed Vireo, Red-eyed Vireo, Blue Jay, American Crow, Fish Crow, Carolina Chickadee, Tufted Titmouse, White-breasted Nuthatch, Brown-headed Nuthatch, Carolina Wren, Gray Catbird, Eastern Bluebird, Veery, American Robin, American Goldfinch, Eastern Towhee, Northern Cardinal, for a total of 27 species.

Comments: (such as, notable birds seen, interesting bird or animal behavior, condition of the birding site, participant comments):

Albeit hot and humid, it was a good day. As it's the fall migration, we're not hearing as many birds so we're having to look harder to see movement. We were hoping to see more of the migrating birds. But it appears they weren't here today. Still, all in all, a good day.
