

Birding Nantucket Village

April 17, 2016

On the beautiful morning of April 17, 2016, 14 veteran and new members of the Piedmont Bird Club explored the areas in and around Nantucket Village. The area has open field, shrubby field, woodland edges, and woodland along a stream. The birders were a mixed flock, e.g. 'sighters', 'hearers,' and the advanced 'hearers/ sighters'. One of our new PBC members located a White-breasted Nuthatch. We were pleased to hear and see Common Yellowthroat Warblers, a life bird for many of the birders.
