**Comments: (such as, notable birds seen, interesting bird or animal behavior, condition of the birding site, participant comments):**

Albeit a bit warm, it was an excellent day for a Bird Walk. With all of the pastures we heard and saw a number of Eastern Meadowlarks, and it was also good to see the Grasshopper Sparrows. Later in our walk as we were in the Pump House area with the pond, spill way and wetlands we heard and saw the Louisiana Waterthrush. Along the walk we also saw and heard several Eastern Kingbirds. All in all, an excellent day for a bird walk.
