*Bird and Butterfly Meadow,
recently mowed*

The weather was perfect! We had nine PBC members participating and collected seven garbage bags full of trash from around the park and on the Highwoods Trail.

We also got to watch Audubon and PBC member, Jim Eldrett, work up a new box turtle that he found on the property. That makes seven marked turtles recorded at Price Park. We know there are more hiding out there, though!

Overall, it was a pretty great morning!
